FAQs

1: If I am tested positive of COVID-19 by Rapid Antigen Test / PCR Test, can I participate in the Scheme?

A: This Scheme is for non-COVID patients only.

2: If I have fever or symptoms of upper respiratory tract infection, can I participate in the Scheme?

A: Please call and check the arrangement of individual participating clinics.

3. I am a chronic patient and have to attend HA GOPC for regular follow-up consultations and drug refills. Can I go to a participating clinic for consultation and drug refill?

A: This scheme targets to serve patients with episodic medical needs, covering medical consultation with basic medication for 3 days. Chronic patients with follow-up appointments at GOPCs are advised to refill their drugs at the designated Medication Refill Clinics on the appointment day.
